PROFESSIONAL SUMMARY

Hello! I'm Emon, a developer specializing in the Mern Stack with a strong foundation in building scalable, responsive, and user-friendly web applications. I recently graduated with a Computer Science & Engineering degree from a private university. Passionate about adapting to new environments and technologies. With experience in both front-end and back-end development, I take a hands-on approach to solving problems and collaborating with others.

CORE SKILLS

Frontend: JavaScript, Bootstrap, TailwindCSS, React.js, Next.js, Redux.js, Redux-Toolkit, RTK Query

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Mongoose

Mobile Application: React Native, Expo, NativeWind

Other Technical Skills: Git, Github, VS Code, Figma, JIRA, Vercel, Netlify

Languages: Bengali, English

PROJECTS & OUTSIDE EXPERIENCE

JobHunt Web Application - [Link to project](#)

Frontend Developer

- » Developed a full-stack job platform using the Mern stack and Next.js, with NextAuth for secure authentication, MongoDB for data management, and Vercel for deployment.
- » Implemented user roles for applicants and recruiters, allowing job postings, company profiles, and profile management.

WoodCraft Shop Website - [Link to project](#)

Full Stack Web Developer

- » Built a shop application using the Mern stack and Firebase for user authentication, with MongoDB handling data storage, providing secure login and a smooth shopping experience.
- » Integrated Product Management Features, allowing for smooth product listings, updates, and shopping cart management.

TalkWeb Blog Website - [Link to project](#)

Full Stack Web Developer

- » Developed a Single Blog Application using the Mern stack with Firebase Authentication for user sign-in and sign-up functionality, ensuring seamless and secure user management.
- » Implemented CRUD Operations allowing users to create, update, and delete blog posts, with dynamic front-end updates and a responsive design.

EDUCATION

City University, Bangladesh

December 2019 - June 2024

Bachelor's, Computer Science & Engineering

- » Major in Software Engineering

Dhamrai Hardinge Govt High School & College

January 2017 - January 2019

Certification, Higher Secondary

CERTIFICATIONS

Reactive Accelerator - Learn with Sumit

Think in a Redux Way - Learn with Sumit
